## Allah Sun Over The Occident Pdf 12

WHAT IS IT? Al-Arisiya al-Islamiya in English "The Islamic Movement" is a organization and militant group that works for the establishment of an Islamic State, a Caliphate, in the Middle East, North Africa and the world at large. The group believes that the Islamic State should be established in the entire world, but that it can only be accomplished by waging violent Jihad against the countries that oppose it, starting with the more powerful Arab states. This limited violent Jihad, which the group intends to wage, is called "Waqf". WAQF which is short for Waqf al Jihad fi sabil Allah or the "Gift of Jihad to the World" is defined in the Qur'an as one of the Three Pillars of Islam. Orthodox befits for the study of Islam and the Qur'an, of great practical importance are entitled to the muwaqqitin, or those who speak excellent, clear speech. As the questions in the munatha are stated (the gift of) by the latter, they illustrate their eloquence, or rather, they comprehend them clearly and are not fogged by language, by the formal rules of grammar and by the logical application of the syllogisms, and by the force of the analogies. Thus, it is the intention of Allah, the Exalted, to guide the ones who ask him regarding the things which they are seeking. The muwaqqitin are those who for the sake of Allah the Exalted, and as an expiation for his sinful creatures, are involved in Mu'amila or faithful obedience, whether from the people of Yemen or from elsewhere, and they dedicate themselves to the most important endowments, i.e. to the religion of Allah. They follow the creed of the people of Yemen, and the same number of those who seek guidance from Allah and the muwaqqitin, as well as those from among the Yemenite immigrants and those in the foreign mosques, are without doubt. The muwaqqitin are the class of scholars and lawgivers, and they have their prayer-units, their imama, and their religious courts called the 'adillah, and they have their area of study and direction. Allah said: And whoever Allah will guide to a good path, it is better that he follows it, and Allah guides whom He pleases to a straight path. (Quran 16:
