Jsoup main page loop I've been trying to make a JSOUP programm with the help of questions in here and elsewhere but i keep getting stuck in a loop of the same data. I've been trying to navigate the site to see if i can get the initial data and also to try and loop this until i have collected all the data that i need but i keep getting the same data when i compare the results. Here is my code so far:

```
public void main() { try { Document doc =  
Jsoup.connect("") .userAgent("Mozilla/5.0")  
.timeout(1000 * 30) .followRedirects(true)
