Get it now in 2 more ways! The idea behind Nexus is to offer a free and convenient way to expand your Nexus2 collection. The entire collection is already available for download. IMPORTANT: Please note that for this expansion pack the free version of Nexus 2 does not have a sound engine, so you will only be able to use the built-in midi sequencer. Therefore, you are only able to import midi files in the format "exported from Nexus2" in the version that comes with sound engine. Nexus2 Expansion Pack Collection by ReFX ReFX Nexus 2 Expansion Pack Collection (128 presets) Download.
